Type, Description and Application

Type	Description	Application
DJYVP	PE insulated PVC sheathed copper braid shielded computer cable	permanent installation for indoors, conduits
DJYVPV	PE insulated copper braid shielded PVC sheathed copper braid shielded computer cable	
DJYVPV	PE insulated copper braid shielded PVC sheathed computer cable	
DJYVP2	PE insulated PVC sheathed copper tape shielded computer cable	
DJY2VP2	PE insulated copper tape shielded PVC sheathed copper tape shielded computer cable	
DJY2VP	PE insulated copper tape shielded PVC sheathed computer cable	
DJYVP3	PE insulated PVC sheathed AL-plastic compound tape shielded computer cable	
DJY3VP3	PE insulated AL-plastic compound tape shielded PVC sheathed AL-plastic compound tape shielded computer cable	
DJY3VP	PE insulated AL-plastic compound tape shielded PVC sheathed computer cable	
DJYVRP	PE insulated PVC sheathed copper braid shielded flexible computer cable	
DJYVRP	PE insulated copper braid shielded PVC sheathed copper braid shielded flexible computer cable	
DJYVPR	PE insulated copper braid shielded PVC sheathed flexible computer cable	
DJYVRP2	PE insulated PVC sheathed copper tape shielded flexible computer cable	
DJY2VP2R	PE insulated copper tape shielded PVC sheathed copper tape shielded flexible computer cable	
DJY2VR	PE insulated copper tape shielded PVC sheathed flexible computer cable	
DJYVPR3	PE insulated PVC sheathed AL-plastic compound tape shielded flexible computer cable	
DJY3VRP3	PE insulated AL-plastic compound tape shielded PVC sheathed AL-plastic compound tape shielded flexible computer cable	
DJY3VR	PE insulated AL-plastic compound tape shielded PVC sheathed flexible computer cable
